

Table of contents

Introduction	9
Chapter 1	
Telicity: theoretical considerations	15
1.1. Empirical data on telicity in Romanian (Stoicescu 2013, Giurgea and Stoicescu <i>forth.</i>).....	17
1.2. Telicity in interval semantics (Bennett and Partee 1972).....	21
1.3. The mereological approach (Krifka 1992, 1998)	21
1.3.1. Krifka (1992).....	23
1.3.2. Krifka (1998).....	28
1.3.2.1. Incrementality	30
1.3.2.2. The incremental theme	33
1.3.2.3. The quantization puzzle	33
1.3.2.4. Telicity and Paths	38
1.3.3. Multiple incremental themes	39
1.4. Scalar accounts of telicity with degree verbs	40
1.4.1. Hay et al. (1999).....	40
1.4.2. Kearns (2007).....	44
1.4.3. Kennedy and Levin (2008).....	44
1.4.4. Telicity as maximalization (Filip 2008)	45
1.5. Syntactic accounts of telicity	47
1.5.1. Borer (2005b)	47
1.5.1.1. The Exo-Skeletal Model in a nutshell.....	47
1.5.1.2. The impact of the object and case on telicity.....	49
1.5.1.3. The quantity property	51
1.5.1.4. Counterarguments for the scalar account.....	52
1.5.1.5. The Asp _Q phrase.....	53
1.5.2. Travis (1991, 2010, 2019)	54
1.5.3. MacDonald (2008a,b, 2010).....	58
1.6. A critique of the syntactic accounts of telicity	59
1.7. Conclusions	61

Chapter 2

Children's competence with telicity: a review of prior experimental work62

2.1. Sensitivity to the telicity of incremental theme predicates.....	63
2.1.1. Consumption verbs with/without a particle.....	63
2.1.1.1. The Transparency Principle (Van Hout 1998).....	63
2.1.1.2. The pragmatics of telicity (Jeschull 2007).....	67
2.1.1.3. The Endstate Orientation (Schulz and Penner 2002).....	69
2.2. Sensitivity to the telicity of change of state predicates	72
2.2.1. Change of state particle verbs in German (Schulz et al. 2001, 2002)	74
2.2.2. Change of state predicates and Agent control (Van Hout et al. 2017)	75
2.2.3. The Weak Endstate Hypothesis (Wittek 2002)	77
2.3. Predicate effects within the telic VP class	82
2.3.1. Incremental theme vs. change of state predicates in child Spanish (García del Real Marco 2015)	82
2.3.2. Predicate effects within the incremental theme class	84
2.3.2.1. Are all incremental theme predicates invariably telic?.....	84
2.3.2.2. Strictly telic vs. variably telic predicates in child English (Anderson 2017).....	89
2.4. Focusing on the semantic contribution of the object (Hacohen 2009).....	91
2.5. The impact of the semantics of aspect/tense inflectional morphology on the acquisition of telicity (Patt et al. 2020).....	97
2.6. Agentivity (Wagner 2002)	98
2.7.1. Wagner and Carey (2003)	101
2.7.2. Wagner (2006).....	102
2.7.3. Wagner (2010).....	105
2.8. The acquisition of telicity in language impaired populations	106
2.9. Recent accounts.....	109
2.9.1. Van Hout (2016, 2018).....	109
2.9.2. The role of tense/grammatical aspect (Martin et al. 2020).....	110
2.10. Conclusions	111

Chapter 3

Comprehension of compositional (a)telicity in child Romanian114

3.1. Prior work on compositional telicity with indefinite objects in child Romanian	115
3.2. Experiment 1: The comprehension of telic incremental theme predicates with definite objects	119
3.2.1. Research questions	119

3.2.2. Predictions	119
3.2.3. Design and stimuli	120
3.2.4. Procedure	122
3.2.5. Participants	122
3.2.6. Results	122
3.2.7. Discussion	125
3.2.8. Comparison with previous results on indefinite object predicates	127
3.2.9. Summary of Experiment 1	131
3.3. Experiment 2: Sensitivity to atelicity	132
3.3.1. Introduction	132
3.3.2. Previous research.....	132
3.3.2.1. Sensitivity to the process reading of atelic predicates	132
3.3.2.2. Sensitivity to the mass/count distinction in child language	133
3.3.3. Research questions and predictions.....	135
3.3.4. Design and stimuli.....	136
3.3.5. Procedure.....	137
3.3.6. Participants	137
3.3.7. Results	137
3.3.8. Discussion	140
3.3.9. Summary of Experiment 2	141
3.4. Conclusions	142

Chapter 4

Telicity with manner-of-motion verbs and complex Goal prepositions

in child Romanian.....	143
4.1. The typology of motion event expressions (Talmy 1985)	143
4.2. Expressing change of location in Romanian (Drăgan 2012).....	145
4.2.1. Manner verbs in Goal of Motion structures	150
4.3. Early child sensitivity to event components.....	151
4.3.3. Infants distinguish Figure and Ground	159
4.4. Typological influences on the linguistic representation of motion events	161
4.4.1. Motion lexicalization patterns influence novel verb learning and interpretation.....	161
4.4.2. Motion lexicalization patterns influence motion event descriptions and visual attention	162
4.5. Motion verbs in child Romanian narrative corpora (Drăgan 2022)	163
